

## Agenda

- 1. Why is it Important to Manage Reputations?
  - a. <u>How customers find you</u>
  - b. <u>Why customers choose you</u>
  - c. <u>Why customers trust you</u>
- 2. <u>Overview of Reputation Management</u>
  - a. <u>Walkthrough videos of the product</u>
- 3. <u>Overview of Reputation in Multi-Location Business Center</u>

### Why is it important to manage reputations?

More customers are moving to the 'digital front door':

of people **trust reviews** as much as personal recommendations<sup>1</sup>

of buyers are more likely to purchase after **reading a review**<sup>2</sup>

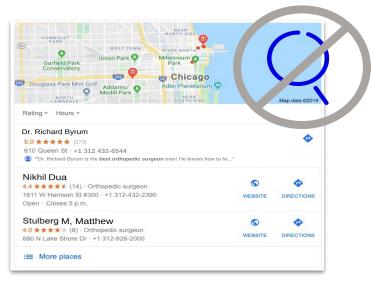

Back

of people will buy from a business with a **1-2 star** rating<sup>3</sup>

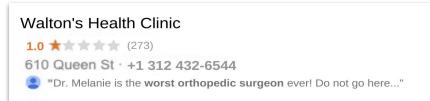

Source: <u>https://www.brightlocal.com/research/local-consumer-review-survey/</u> Source: <u>https://learn.g2.com/consumer-reviews</u> Source: https://searchengineland.com/87-percent-customers-wont-consider-low-ratings-

### Help consumers find, choose, and trust you

By maintaining correct listings and having abundant positive reviews

If they **can't find you**, they can't choose you

If they find you with **negative reviews,** they *won't* choose you

### Consider how customers find you online

The customer journey begins with a Google search, usually on mobile.

 60% of Google searches are done on a **mobile device**<sup>1</sup> Location-based: "Knee surgeons near me..."

By Rating: "Top rated spa in Chicago..."

By Attribute: "Cafes with **wi-fi**..."

### Google's algorithm determines your ranking

#### Listings and reviews affect your visibility the most

Managing your listings and reputation online is critical in:

- 1. Being found by prospective customers
- 2. Outranking the competition
- 3. Being chosen by prospective patients

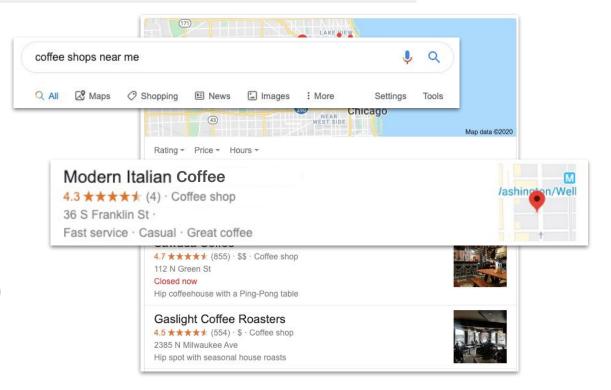

66%

of your ability to show up in local search is linked to managing your listings and reputation.

### What this means for your business

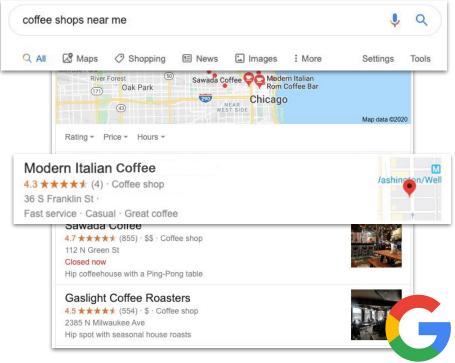

Listings need to be accurate & reviews need to be positive

Customers will only find you on Google if your listings are accurate and you have reviews

### Correct listings increase visibility on Google

#### Listings need to be claimed and accurate

**19%** of your Google ranking is determined by Google My Business (GMB). A well-maintained GMB profile gets **5x more views** than an incomplete profile.<sup>1</sup>

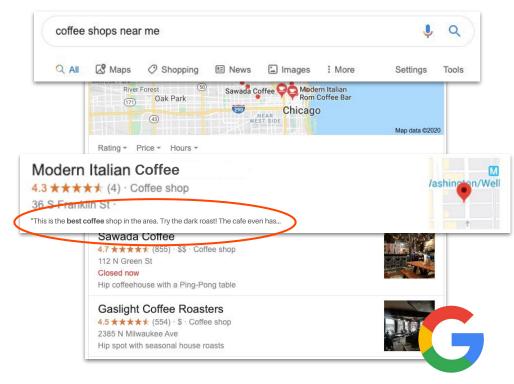

#### An optimized GMB listings includes:

- Physical address
- Hours
- Phone number
- Category
- Attributes
- Photos

Source: https://smallbusiness.googleblog.com/2016/08/get-better-insights-with-google-my.html

### Positive reviews increase visibility on Google

#### Reviews should be abundant and responded to

**13.1%** of your Google ranking is determined by Google reviews.

Prominence on Google considers:

- Quantity of reviews
- Rating of reviews
- If reviews receive a response
- Keywords in reviews & search

### Consider why customers would choose you

What makes a prospective customer choose you over competitors:

- 80% of people lose trust in a business with incorrect info<sup>1</sup>
- 91% of people trust reviews as much as personal recommendations<sup>2</sup>

Is the address and phone number correct?

Are the reviews from customers positive?

What else is being said about them/others

### Listings look different for business types

• **Retail Location (RL)** - (*i.e., a restaurant*) Has a name, address, phone number, category, and website.

*Easiest to find, match category, and syndicate.* 

• Service Area Businesses (SABs) - (i.e., mobile plumbers) Do not have an address or a secondary address.

Can be more difficult to find, match category, and syndicate.

• **Store within a Store (SwS)** - (*i.e., grocery store pharmacy*) Often share an address/phone number with another unrelated business.

Secondary address and category take on a much higher significance.

• Kiosks

• **Containers** - (*i.e.*, hospital with doctors, service lines, clinics, etc.)

*SwS businesses except they contain a large number of other businesses.* 

*Finding duplicates correctly is greatly assisted by properly identifying them as a container.* 

• **Professional -** (*i.e.*, doctors, dentists, massage therapists, etc.)

Most complicated: uses a business name and a personal name.

*Difficult to represent; multiple addresses, phone numbers, email addresses, websites, etc.* 

### Reviews influence buying decisions

Customers trust online reviews because they act as social proof

Reviews make the first impression:

 3.3 is the minimum star rating of a business consumers would engage with<sup>1</sup>

Reviews guide purchase behavior:

- 94% of consumers say an online review has convinced them to **avoid a business**<sup>2</sup>
- 89% of consumers read businesses' responses to reviews<sup>3</sup>

<sup>1</sup>Source: https://www.podium.com/resources/podium-state-of-online-reviews/ <sup>2</sup>Source: https://www.reviewtrackers.com/reports/online-reviews-survey/ <sup>3</sup>Source: https://www.brightlocal.com/learn/local-consumer-review-survey/

### Unstructured content affects the decision

Online content the business unaware of can do damage

Back

Online mentions and citations:

• Blogs, news articles, forums

Social Media:

- What you say on social media
- What others say about you on social media

Competitors:

• How much more visibility are your competitors getting

### Consider why customers would trust you

Customers decide if their experience will lead to loyalty:

- 70% of people leave a review when asked<sup>1</sup>
- 53% of consumers expect a response to a negative review<sup>2</sup>

Request customer reviews for feedback

Respond to customer reviews

Understand feedback to make changes

Source: https://searchengineland.com/70-consumers-will-leave-review-business-asked-262802 Source: https://www.reviewtrackers.com/guides/examples-responding-reviews/

### Business owners should have the ability to...

Manage their online reputation from one place

Be found by
customers through
accurate listings

See what's being said online and engage in online conversation

Tab: Competition Manage your online share of voice

### Competition

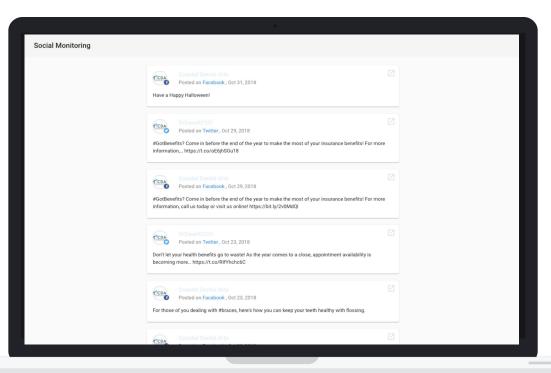

- Keep an eye on up to three chosen competitors to:
  - Compare search engine Share of Voice
  - Track social audience engagement
  - Benchmark against average review ratings and total reviews

Tab: Social Monitor your social accounts

#### **Social Monitoring**

- Connect your social accounts to monitor Likes and followers over time
- Keep up with customer conversations
- Monitor employee Twitter accounts to stay in the know

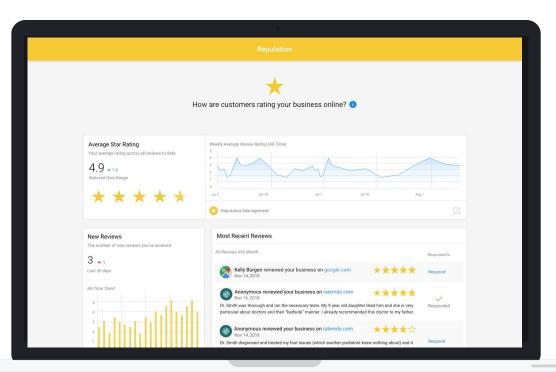

Tab: Reports Measure success over time

#### **Executive Report**

- Demonstrate improvement over time
- Short term changes and long-term **trends**
- Automated email with relevant highlights
- White-labeled

### Brand managers should have the ability to...

View all locations' reputations from one place

Manage and respond to all locations' reviews

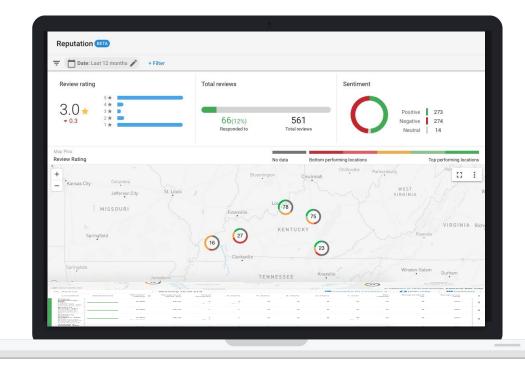

<u>← Back</u>

#### What is Multi-Location Reputation Management?

#### A tool that allows you to:

- Get a **high-level view** of the brand's overall reputation
- Dig into high- or low-performing locations to **take action**
- Positively affect the brand's reputation through monitoring online reviews
